I certify that I have an organic system plan, or organic certificate in place or that I have provided a written request for an updated plan or certificate to the certifying agent for all acreage reported as certified organic or transitional organic.

MARKETING CERTIFICATION STATEMENT

I acknowledge that I must notify my agent if I intend to direct market any portion of the crop or if my production records are not from a disinterested third party.

- This notification to my agent must be made by the Acreage Reporting Date, or if my marketing plans change after the Acreage Reporting Date, no later than 15 days prior to harvest.
- The notification may either be in person or by telephone and must be certified in writing on the Marketing Certification within 15 days of notification.
- If I fail to timely provide the required certification and do not have acceptable production records, it may result in assigned yields in accordance with section 3(g) of the Common Crop Insurance Policy Basic Provisions (7 CFR § 457.8).

USDA MULTIPLE BENEFIT CERTIFICATION STATEMENT

I understand that obtaining multiple Federal benefits for the same loss, such as Noninsured Crop Disaster Assistance Program (NAP) payment(s) and a Federal crop insurance indemnity, is prohibited by law. I certify that I have, or will disclose any other USDA benefit, including any NAP benefit, received for this crop. Failure to disclose the receipt of multiple Federal benefits, or failure to repay one of the multiple Federal benefits such as either the NAP benefit or the Federal crop insurance indemnity for the same crop, may result in my being disqualified from receiving Federal crop insurance benefits, as well as being ineligible for various programs administered by the Farm Service Agency for up to five (5) years.

By signing this document I accept all terms and conditions. I certify the information disclosed on this page and prior pages is correct to the best of my knowledge.
